Services Profile

Pioneer in Industrial Technology

""Green power Automation Technology!!! Was established in 2013 and was one of the first Bangladesh ventures for Importer, whole Seller, Retailer and manufacturer of CNG Compressor, Dispenser, Generator and Air Compressor Replacement Parts. A competent team of experts develop solutions for critical applications. In-house research and development focus on perfecting the product and help customers by solving critical problems in compressor, Dispenser, Generator and Air Compressor operation.

Services Detail

We are dealing all kind of CNG Compressor, Dispenser, Generator and Air Compressor Replacement Parts - all Stage valve, Combined Valve, all stage Valve plates, Piston , Piston Rods, Piston Rings, Piston Rider Rings, valve Spring plates & Springs, Sealing Rings, Gland Packing Rings, Oil Scrapper Rings, Cylinder Liners, Main Bearings, Big and Bearings, Filters, Crank Shaft, Cross Heads, Gasket, Oil Seals, 'O' Rings, 3-way Valve, 3-way valve kit, Long Hose, Shot Hose, Nozzle Head, Nozzle Head 'O' Ring, Dispenser Display, Display Digit, Mother Board, Mass flow meter (Micro Motion), Safety Barrier, PM Head, PT(Pressure Transmitter), Power Supply, aliments filters, Solenoid valve kit, High Pressure Pipe, High Pressure fittings, Dispenser Battery, Pressure Gauge, Temperature Gauge and others. "Engine"- Head, Manifold, Crank Shafts, Cam Shafts, Liner, Piston, Piston Ring, Static Motor, High Tension Led, Transformer, Spark Plug, air filter, oil filter, Air Compressor and Air Compressor Accessories. If need any Compressor, Dispenser, Generator parts. Please, call me all details about parts. I will give you good Rates. Ready stock available.

Valve and valve Accessories

Your Intelligent Choice

- Specializing in valves & Valve Technologies & the manufacturer of Valves & valve accessories.
- We have an authority in manufacturing Valves valve accessories for high Pressure compressor having pressure Ranging from vacuum to 8000 psig.
- Valves made of cast Iron, Carbon Steel, Stainless steel, bronze and others.

Piston Rings & Rider Rings

- We manufacture piston rings & rider rings For both lubricated and non-lubricated Applications using.
- We use different high grade materials like CFT (Carbon Filled Teflon®), BFT (Bronze Filled Teflon®), GFT (Glass Filled Teflon®) To manufacture Piston Rings & Rider Rings depending on the application & specific customer needs.

Valve Plates

Thermoplastic have excellent mechanical and chemical resistance properties that are retained at high temperatures. The literature on thermoplastics is vast, and can be quite confusing, so we have Provided you an easy to read table Comparing the different types of Thermoplastics and their properties.

Packing Ring

We also manufacture special packing for order & obsolete models. High quality packing ensures that air is not leaked out of the cylinder during the peration of the compressor.

Oil Scraper & Oil wiper Ring

Oil Scraper & wiper ensure that Lubricating oil from the crank case Does not leak in to the cylinder bore & contaminate the gas. We manufacture oil scrappers & wipers For many order models along with the Latest models.

Pistons

We specially make pistons for old & Obsolete models of many brands on Demand from customers. We are specialized in manufacturing of Pistons for high pressure applications Using high quality material.

Pistons Rods, Connecting Rods, Crankshafts

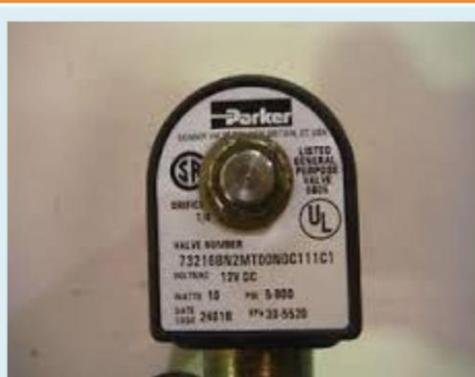

Pistons Rods, Extended Pistons are Also available Ex-stock for any models. Connecting Rods, crankshafts are Also available stock for all major models.

Pressure Transducers

Solenoid Coil

2-way Valve

Valve & valve plate High

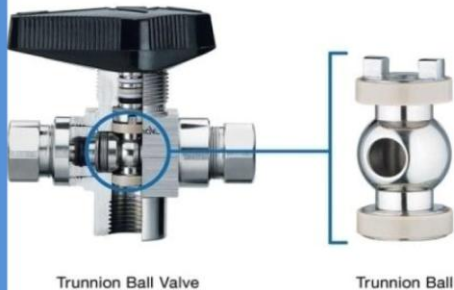

Pressure Fittings

Dispenser Controller

CNG Flow Meter

3-way Valve

3-way Valve kit

Micro Motion

Short & Long Hoses

Filter Aliments

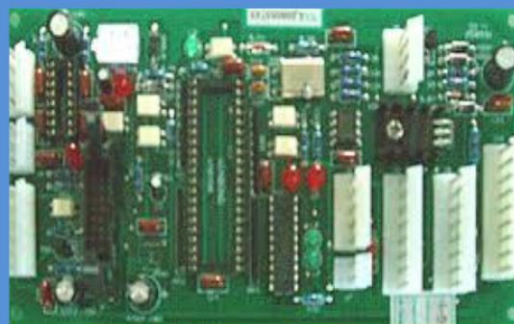

Valve with valve kit

Temperature Gauge

Mother Board

Pressure Gauge

Display

Dispenser

Gasket

Air Starter

Engine Head

Generator

Starter Kit

Starting Motor

Engine Parts

UPS
